Fighting hunger in our community together

Thank you to everyone who joined us in supporting Hunger Action Month. Throughout September, Wings partnered with four local nonprofit organizations to help fight food insecurity across Minnesota. With one in nine Minnesotans facing food insecurity, rising costs continue to make it harder for many families and neighbors to stretch their budgets while still putting nutritious meals on the table.

Wings is proud to partner with VEAP, Second Harvest Heartland, The Food Group, and Every Meal. As part of this effort, Wings donated \$100,000 to hunger-relief organizations, making a difference in the communities we serve. We're especially grateful to the members, employees and community supporters who helped by giving their time volunteering with our partners, donating money and contributing food or providing other needed items.

Thanks to member and employee support, Wings:

Raised an additional \$16,000 which will be distributed among local partners

Collected nearly 3,000 pounds of non-perishable food

Employees volunteered 180 hours at local food banks

Together, these efforts help bring comfort, support, and nourishment to neighbors facing food insecurity.
